FERGUSON'S OFFER OF LOAN NOT INTENDED TO INFLUENCE FULLER

Austin, Aug. 1.—Governor Ferguson in a statement tonight denied the charges of Speaker Fuller that the Governor had sought to influence the speaker by offering to lend him money at a low rate of interest, coupled with the statement that "Fuller need never repay it unless he wishes to do so."

This was the last of the thirteen charges preferred against the Governor by the speaker when the special session of the House convened at noon.

"I thought that I was helping a friend in time of need" said the Governor in further explanation of his denial.

Regarding the other charges of Mr. Fuller, the governor said, "They have been fully paraded before the public and an extended reply is unnecessary."

He has already denied the charges as contained in Speaker Fuller's call for a special session of the House to consider impeachment.

Following the convening of the Legislature it was found that while the House had a quorum the Senate did not. The Senate expects to meet in the morning with the number needed to transact business. The membership of the House will not again consider the speaker's charges until 2 o'clock Thursday afternoon. In the meantime the members are studying them. There is first to be considered a resolution making the House a committee of the whole to investigate the charges.

BRITISH SHOW FEW LOSSES OF SHIPS

London, Aug. 1.—A falling off in the number of British steamers sunk by mines or submarines was noted in the report of the admiralty for last week. It states that 18 ships of more than 1600 tons and only three under that tonnage, were sent to the bottom. No fishing vessels were sunk.

WILL NAME OFFICERS TO COMMAND GUARD

Washington, Aug. 1.—The appointment of the general officers to command the sixteen camps of the National Guard is all that remains to be done to get more than 300,000 men into training for the French battlefields.

Indications today were that the appointments would be made during this week as well as those of the other general officers for the guard. The nominations must be sent to the Senate by the President.

NO PASSPORTS GIVEN WOMEN FOR MEXICO

Washington, Aug. 1.—New passport regulations were announced by the State department today and practically prohibit the issuance of passports to women and children to go to Mexico and make restrictions concerning those for men. Though conditions in Mexico are improved the State department is convinced that they are yet far from normal and will issue passports only to men except under special necessity.

S. P. TRAINMEN THREATEN A STRIKE

San Francisco, Aug. 1.—Southern Pacific trainmen to the number of 8500 have voted to go out on strike next Saturday night unless grievance claims against the road are settled. It is reported by leaders here tonight.

"LONG LIVE AMERICA"

Mrs. Bernhardt, recovered from her recent illness, cheering for America at a celebration in Prospect Park, Brooklyn, where the people gave her a tremendous ovation.

DEPUTIES SEARCH ALL WHO ENTER HOUSE CHAMBER

Austin, Tex., Aug. 1.—While no trouble is expected to arise over the present extra session of the legislature, no chances are being taken, for early today four deputy sheriffs were detailed to search everyone entering the house, either on the floor or in the gallery. Two of the officers were stationed at the entrance of the floor and two in the gallery. As each person entered he was searched to see if he carried any firearms. So far, Sheriff Matthews of Travis county, said he had found no one with weapons. It is not known whether or not this practice will be followed throughout the extra session.

AMERICANS IN BRITAIN CAN'T BE CONSCRIPTED

London, Aug. 1.—American citizens between the ages of 21 and 30 years, resident in Great Britain, are under no legal obligation to register at the American consulates, but alternately can offer for enlistment in the British army or navy, said Andrew J. Balfour, foreign secretary, in reply to a question by Joseph King, labor member in the House of Commons today.

VIENNA TALKS OF SEPARATE PEACE

London, Aug. 1.—Dispatches from Zurich to the Wireless Prey say: "Semi-official Vienna dispatches say that Count Czernin, Austro-Hungarian foreign minister, read with great pleasure the statement of Lord Robert Cecil, minister of blockade in the British House of Commons, which he interprets as meaning that England does not regard Austria as a real enemy. His deduction is that there is no real obstacles to an understanding between Vienna and London."

RUSSIA RESISTS TEUTON ALLIES

RAIN HALTS ALLIES IN GREATEST FIGHT AGAINST THE GERMANS

A torrential rainfall and the resultant turning of the battlefield into a veritable quagmire, almost halted Wednesday the great allied offensive against the Germans in Flanders.

For the most part the day was spent by the British and French in consolidating the positions they had won in Tuesday's spectacular drive, or in putting down strong German counter attacks made in an endeavor to wrest from their antagonists their former positions.

At two points near Ypres the Germans, using great masses of men, were successful in counter attacks, but the advantage was offset in the Zillekeze and Yser canal sections, where it is reported the British and French advanced their lines.

When Clouds Roll By
Meanwhile the guns of all the belligerents are continuing to roar along the entire front in a reciprocal bombardment preparatory to recommencing the infantry attacks when the clouds lift and the rain ceases.

Losses of the Teutons in the fighting thus far have been extremely heavy, the ground at various points being covered with their dead. In addition the British alone have taken more than five thousand prisoners, 4000 of them being captured on the Ypres salient.

On the south end of the front in the region of the Aisne and on the Verdun sector the Germans continue to carry out offensive operations, against the French armies. In spite of the heavy bombardment along the entire Aisne region, however, the French in a vigorous counter attack east of Cerny again made progress and have taken prisoners.

Russians Make Stand
Although the Austro-Germans continue to press the Russians in Galicia and Bukovina, having taken further positions from them north of the Dnieper river, the Russians southeast of Tarnopol have taken the north end of their line in Galicia from being pushed further back to the Russian frontier.

The Russians succeeded in capturing one of the enemy's vantage points.

On the northwest frontier of Rumania the combined Russian-Rumanian forces are keeping up their advance against the Austro-Germans. In their smash at the enemy's line between Putna and Casin valleys they penetrated to a depth of ten to twelve miles and captured 98 guns and in the neighborhood of 4500 prisoners.

GOVERNMENT TO BUILD SOUTHERN PINE SHIPS

Washington, Aug. 1.—The government's ship building program as originally planned will be carried out by the reorganized board, with provisions for the building of wooden ships. This was made clear today when the producers of Southern pine lumber were called into conference relative to speeding up the production of the material necessary for building the vessels.

REGULARS NOW ONLY ABOUT 10,000 SHORT

Washington, Aug. 1.—The regular army recruits accepted yesterday numbered 2335, bringing the total of volunteers since April in the regulars up to 173,266. The army now is slightly more than ten thousand men under full war strength.

NEW YORK WOMEN MAKE DEMANDS OF WOULD-BE MAYORS

New York, Aug. 1.—Women are to take an active part for the first time in the coming New York mayoralty campaign.

A Woman's Committee of One Hundred was organized today to draw up a woman's platform to be submitted to the mayoralty candidates.

Among other things, the platform will provide for policewomen to deal with missing girl cases; community markets, and an increased number of health centers and infants' milk stations.

ANTI-WAR SOLON OUSTED FROM BOARD

Denver, Colo., Aug. 1.—Congressman Ben Hillard of Denver had lost his job as a school director today, and the Kaiser was the cause.

Denver school patrons, to show their disapproval of Hillard's failure to support the war resolution and the President's program, which Hillard made the main issue of the campaign, voted two to one to unseat him as a school director. The federal laws made it impossible to recall Hillard as Congressman, so his district got after his second-trench job.

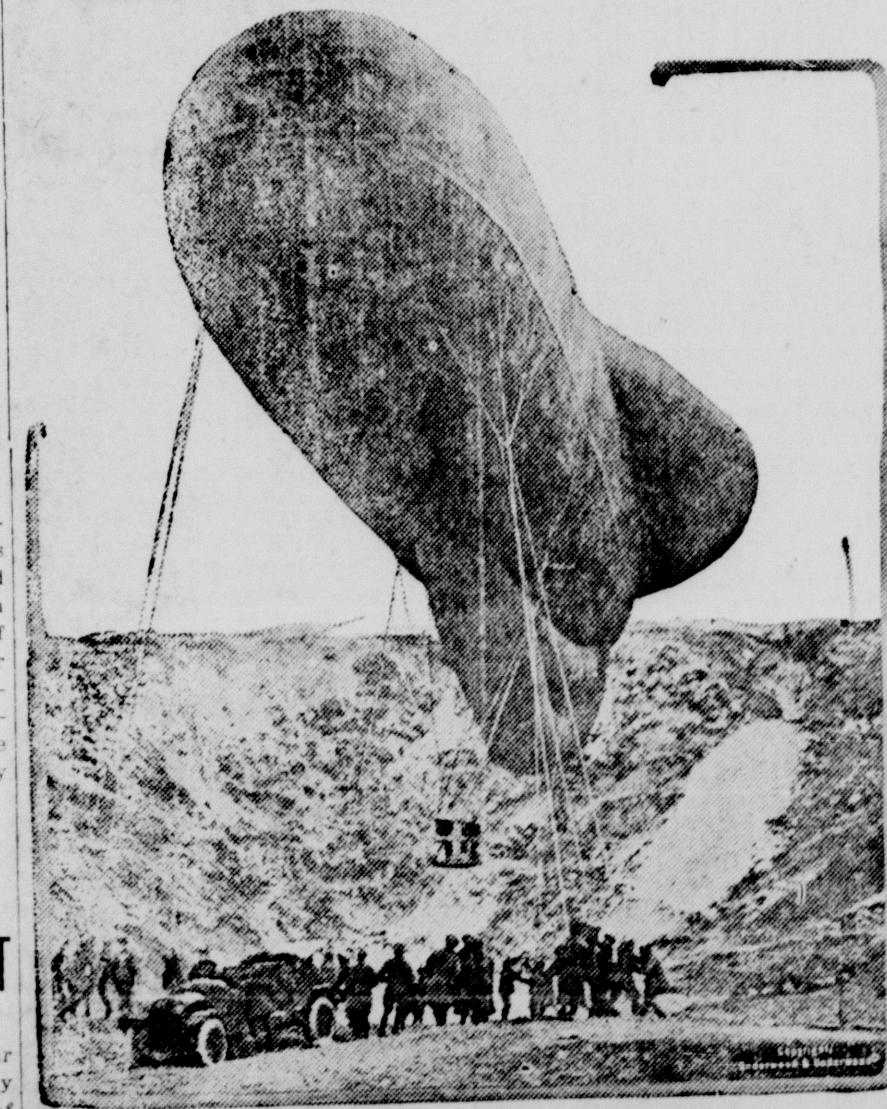

GREEKS STARVED BY THOUSANDS IN MACEDONIA

Paris, Aug. 1.—Forty thousand Greeks starved in eastern Macedonia since the Bulgarian occupation of that territory began, according to a report received from the Greek government in dispatches from Athens.

LEIPZIG TO DISCUSS DESIRE FOR PEACE

Amsterdam, Aug. 1.—The Volke Zeitung of Leipzig announces that two great mass meetings are to be held there to discuss the question, "Do the people want peace?"

MINE CRATER HIDES SAUSAGE BALLOON

A "sausage balloon," much used by the French for observation purposes, is shown here in an immense mine crater, about to rise with observers. There are many such craters in the territory where the British blew nine miles of German trenches into the air.

TWO INDICTMENTS AGAINST FORMER STATE SECRETARY

Austin, Tex., Aug. 1.—Two of the indictments returned last Friday by the Travis county grand jury were against John G. McKay, former secretary of state, in which he is charged with misapplication of public funds, the same as several of the other state officials.

Mr. McKay reached Austin on an early morning train and went directly to the sheriff's department and presented his bond, which was approved by the sheriff. The bond is for \$1,000 in each case. The bond was signed by S. W. Miller, A. B. Connor, S. W. Jackson, S. Y. Brooks and fifty other citizens of Madison county.

The first indictment charges Mr. McKay with having on May 16, 1916, "misapplied and converted to his own use," the sum of \$8,286.20, and the second count, on May 17, 1916, with having "misapplied" \$20,000, "by failure to pay this money in the state treasury within the time prescribed by law." Mr. McKay since his retirement as secretary of state has been manager of one of the state farms situated in Madison county.

PERHAPS THEY DON'T WANT TO FIND THEM

Butte, Mont., Aug. 1.—Local authorities tonight are making efforts to apprehend the vigilantes who lynched Frank Little, the Industrial Worker of the World leader early today. The police officers, the sheriff and his deputies and the county authorities say they have no clue which might lead to the discovery of the identity of the men.

WAR COLLEGE ASKS CLOSER CENSORSHIP

Washington, Aug. 1.—On the recommendation of the American War College the government has asked Great Britain and France to take steps to insure closer co-operation of censorship with the American regulations in that regard.

MORRIS CONFIRMED MINISTER TO JAPAN

Washington, Aug. 1.—Roland S. Morris of Philadelphia was today confirmed by the Senate as United States ambassador to Japan.

DANIELS PUBLISHES STORY OF ATTACKS BY GERMAN U-BOATS

Washington, Aug. 1.—Details of the attacks by German submarines upon the first expedition of American troops sent to France became known for the first time today when the report of Rear Admiral Gleaves, commanding the naval convoy to the troop ships, was made public by Secretary Daniels.

The first attacks were made on Admiral Gleaves' flag ship, leading the first group of the expeditionary forces and at least two subs it is indicated were engaged. The admiral stated his belief that the U-boats had knowledge of the coming of the ships and were on watch for them. The second group of transports were also attacked by two subs, one of which was apparently sent to the bottom by an American destroyer.

There is disagreement among the officers of the third convoy as to whether it was actually attacked, but much evidence was presented to indicate that those ships were also assailed.

Secretary Daniels' report was published with certain military information deleted, after he had sent an uncensored copy to the Senate naval committee, members of which had asked as to the truth of charges that the vessels were attacked. When the committee first asked this the admiral's full report had not been submitted. The secretary replied that he was willing to show that the report was not exaggerated by presenting to the committee the dispatches from which the first announcement was made.

CITY OFFICIAL, STRUCK BY FIRE HOSE, SUCCEUMBS

Hasca, Texas, Aug. 1.—Howard S. Leatherwood, city tax collector and assessor, who was injured by a blow on the head during practice with the volunteer fire company, is dead of his injury after lingering four days.

Mr. Leatherwood was holding the nozzle of the hose of the new fire truck, when his foot slipped and he fell, the nozzle of the hose striking him on the back of the head, rendering him unconscious. He remained in a state of coma until his death.

GERMANY'S EXPERIENCES SHOW AN INCREASE

London, Aug. 1.—According to an official statement, said Andrew Bonar-Law, chancellor of the exchequer, in the House of Commons today, the expenditures of the German government from February to May were at the rate of 150,000,000 pounds per month, as compared with 100,000,000 monthly for the first half of the year 1916.

GERMANS SLOW IN PARTING WITH GOLD

Amsterdam, Aug. 1.—Only 600,000 marks worth of gold ornaments have been contributed to the German reichsbank in response to its appeal, according to the Cologne Gazette, which says that it was calculated that the amount would be at least two million marks.

HOT WAVE WILL STAY 2 DAYS YET

Washington, Aug. 1.—The hot wave will continue at least forty-eight hours in the East, but in the upper Lakes region and west there will be a slight drop in the temperature, the Weather Bureau states tonight.

AGITATOR IS STRUNG UP BY MASKED MEN

Butte, Mont., Aug. 1.—Frank Little, member of the executive board of the Industrial Workers of the World, and prominent in labor troubles in Arizona, was taken from a lodging house early today by masked men and hanged to a railroad trestle on the outskirts of the city.

The body was cut down at 8 a. m. by Chief of Police Jerry Murphy, who identified it. Little, in a recent speech here, referred to United States troops as "Uncle Sam's scabs in uniform."

Since his arrival in Butte recently from Globe, Ariz., Little had made a number of speeches to strikers in all of which he had attacked the government and urged the men to shut down the mines of the Butte district. He was bitter in his denunciation of the government.

His record was under investigation by the federal authorities whose attention had been called to his activities. On the other hand, the report was current that Little was in the employ of a prominent detective agency and one theory was that he was the victim of the radical element of whom he appeared to be a member.

Little took a very prominent part in recent labor troubles in Arizona. He addressed a letter to Governor Campbell of Arizona, protesting against the deportation of I. W. W. members from Bisbee. This letter was written from Salt Lake.

Governor Campbell replied, telling Little he resented his interference and his threats. Little was understood to have the confidence of William D. Haywood, secretary of the I. W. W., national organization, and was regarded as one of Haywood's confidential agents.

Little was a cripple but very active and a forceful speaker.

On Little's body was a card bearing the words, "First and last warning. Others take notice. Vigilantes."

Little, when taken out of the building in which he roomed, was not given time to dress.

NEGROES CHEER SUIT DISMISSAL IN LABOR CASE

Dallas, Aug. 1.—Four hundred negroes, congregated in the Forty-Fourth District Court this afternoon, cheered wildly when Judge E. B. Muse announced the injunction suit filed by Ben T. Swift and others against D. Garza, to enjoin them from shipping out of the state negroes who are at liberty on bond, had been dismissed.

Swift and co-plaintiffs had made bond for a number of negro offenders in both felony and misdemeanor cases.

This dismissal followed a conference between attorneys for the contending parties, who reached an amicable agreement. Under it, Garza and local representatives of the Pennsylvania Railroad are to procure negroes here for employment in the North and East, but they agree to use every effort to see that men who are at liberty on bond shall be sent away.

They and their attorneys agreed with J. M. Overstreet, J. B. Kelley, G. Q. Youngblood and Noah Stark that if a list of names of all negroes whose bonds have been furnished by these attorneys, or their clients, is supplied to them they will check off daily those who ask for employment. They further agree to notify the plaintiffs' attorneys at once, in case any of the negroes on bond seek employment.

It also is provided that the same agreement will be made by the defendants with any other Dallas attorney desiring it.

OPENING OF GUARD CAMPS WILL BE DELAYED 2 WEEKS

Washington, Aug. 1.—Delays in preparing National Guard mobilization camps, the war department announced today, will postpone the opening about two weeks.

CROP REPORT SENDS COTTON VALUES UP

New York, Aug. 1.—The government crop report indicating a condition of 70.3, or exactly the same as a month ago, was followed by a very excited advance in the cotton market here.

For the last several days prices had eased off by expectation that today's report would show an improvement of fully three points as compared with last month's figures. The report consequently came as a general surprise.

Inside of ten minutes there was an advance of approximately \$7.50 with October delivery selling up from 23.74 to 25.30, or 129 points above last night's closing prices.

METALS MINERS GET INCREASE OF WAGES

Leadville, Colo., Aug. 1.—The mine operators of the Leadville district late today announced an increase in wages of fifty cents per day, making the scale \$4.00. This probably will result in ending the strike that has tied up the metals miners for the past ten days.

BIGGEST RAIN OF FYAP SAVES PANHANDLE CROPS

Amarillo, Tex., Aug. 1.—The heaviest rain of the year began falling over the Panhandle shortly before noon today. A two-inch precipitation was recorded the first hour and the rain continued this afternoon.

The total precipitation the past twenty-four hours has been nearly three inches and kafir and milo crops have been saved from the drouth which threatened them.

MCUMBER'S RESOLUTION ADOPTED BY SENATE

Washington, Aug. 1.—Senator McCumber's resolution requesting the President to negotiate with the allies for an agreement to allow the drafting of aliens of those nationalities, resident in United States, was adopted late today by the Senate.

ADOPT SHEPPARD'S RESOLUTION FOR A DRY UNITED STATES

Washington, Aug. 1.—The resolution for submitting to the states a prohibition amendment to the national constitution was adopted today by the Senate by a vote of 65 to 20—eight more than the necessary two-thirds. As adopted the resolution contains a provision that the states must be asked to vote on it within six years. The House is yet to vote on the resolution.

The proposed constitutional amendment is the first initiated by Congress since that providing for popular election of United States Senators which was approved in 1911. It is the first time either house of Congress has approved a constitutional amendment for prohibition. Prohibition leaders in the House claim enough votes to ensure the submission of the amendment to the states.

The Senate's action came at the end of three days of debate. All efforts to amend the resolution were futile except Senator Harding's amendment fixing the six years time limit, in which three-fourths of the states must ratify the amendment to make it effective. As heretofore stated, the resolution was introduced by Senator Morris Sheppard of Texas, democrat.

FOOD BILL GOES TO CONGRESS AFTER A WASTED MONTH

Washington, Aug. 1.—The administration food control bill stripped of features opposed by the President, was reported out of conference today, just one month after the date that the President had hoped to see it enacted into law.

Enactment next week of the measure is predicted. The House conferees will report tomorrow and favorable action is expected to be taken by Friday. The Senate will probably dispose of the measure next week. Weeks of deadlock in conference were broken when Senator Warren, republican, of Wyoming, agreed to vote with the democrats to strike out the war expenditures committee and which was particularly objectionable to the President.

The conferees of each House tonight declare themselves victorious, but the result is generally considered by outsiders a draw.

The Senate conferees sacrificed the war expenditures committee and the three-member food control board amendment. The House conferees accepted greatly restricted price-fixing and control privileges, including the \$2 wheat minimum and less drastic prohibition provisions.

Come to Paris and prosper.

A Better Roughage for Less Money

Mr. Wesley Johnson, Aiken, S. C., feeds Buckeye Hulls to his milch cows and says that he prefers them to any hulls he has ever used. He believes that they are cheaper and better. That is the whole story of

in two words—Cheaper—Better. It is rare that the best product of its kind is the cheapest or that the cheapest is the best but this is certainly true of Buckeye Hulls. Removing the lint not only eliminates all the objectionable features of old style hulls but makes it possible to sell the delinted hulls at the lowest figure for which roughage can be bought. If you want the best roughage you must buy the cheapest—Buckeye Hulls. If you buy the cheapest roughage—Buckeye Hulls—you will get the best.

To secure the best results and to develop the ensilage odor, wet the hulls thoroughly twelve hours before feeding. It is easy to do this by wetting them down night and morning for the next feeding. If at any time this cannot be done, wet down at least thirty minutes. If you prefer to feed the hulls dry, use only half as much by bulk as of old style hulls.

Book of Mixed Feeds Free

HOUSTON POLICE CHIEF AND INSPECTOR ARE INDICTED

Houston, Tex., Aug. 1.—Indictments were returned Tuesday by the Harris county grand jury against Superintendent of Police Clarence L. Brock and Inspector of Police J. A. Padgett, who are jointly charged with false imprisonment.

Another indictment, charging E. P. Daugherty, detective out of Superintendent Brock's office, with aggravated assault also was returned.

The indictments grew out of a raid made by the police department several weeks ago on a negro restaurant in the rear of a saloon. Complaints against the police had been made to the police department. Both Superintendent Brock and Inspector Padgett are charged with placing seven negroes in jail without legal authority. Daugherty is alleged to have shot a negro named Will Rogers in the leg.

RUSS FOREIGN MINISTER DENIES MICHAELIS' STATEMENT

Petrograd, Aug. 1.—Foreign Minister Terestchenko denies absolutely the declarations attributed to him by Dr. Michaelis, the German chancellor. He issued a public statement saying:

"The Russian foreign minister drew up no protests nor made any special declarations to the French government, beyond a general declaration by the provisional government respecting war aims, which was generally made known May 18. This declaration, which was sympathetically received, will be thoroughly examined by the inter-allied conference to be held shortly."

HUSBAND ATTACKS ACTOR, RIGHT NAME, WRONG MAN

Muskogee, Ok., July 31.—"Say, is your name Newberry?"

"Yes."

"Well, I'm going to beat you to death, you—" and the speaker, a strong, jealous Muskogee husband, went after an actor back of the stage in a local theatre last night.

"But what's wrong?" the actor finally managed to gasp.

"What do you mean flirting with my wife?"

"I never flirted with you wife—I'm married myself."

He called his wife to the scene and hurried explanations followed, showing that although his name was the same as that of a man who had given a note to the wife of the enraged citizen the men were not the same. The wild citizen said he was sorry and went out in further quest of the villain.

HIGHWAY COMMITTEE

HOLDS MEETING TODAY

E. C. Bracken, president of the Lake to Coast Scenic Highway Association, left this morning for Tallahassee, Florida, where an executive committee meeting of the association will be held today. The committee will arrange a program for the big convention to be held on Winding Stair mountain August 16th and 17th, also consider the By-laws and constitution of the association prepared by President Bracken.

The meeting at Tallahassee August 16th and 17th will be without a doubt the largest meeting on good roads ever held in Oklahoma, according to present indications. Special parties are organizing all along the line from Chicago to Galveston, and each of these terminals has promised to send representatives.

PRESIDENT MAYER GOES TO ST. LOUIS

Henry P. Mayer, president of the Chamber of Commerce, left yesterday afternoon for St. Louis, where he will confer with the Frisco officials relative to a bridge across Red river at Arthur City, in connection with the present Frisco bridge.

This is a question that must be solved if Paris is to retain her place on the Lake to Gulf Highway, from Chicago to Galveston, through a section of Oklahoma that means so much to the business development of Paris, and Mr. Mayer is working untiringly on the bridge proposition in an effort to remove this obstacle from the path of the highway.

YOUNG MAN DROWNED IN OKLAHOMA STREAM

Mrs. J. J. Cunningham received a message last night conveying the sad news of the death of her nephew, Dudley Maytubby, who was drowned in Blue river, near Caddo, Okla., yesterday afternoon. The body had not been recovered at a late hour in the afternoon, according to the message. The young man was the youngest son of Mr. and Mrs. S. W. Maytubby, of Caddo, and had recently enlisted in the Oklahoma National Guard. His mother will be remembered by the older residents of Paris as Miss Lula Sneed. Mrs. Cunningham left last night for Caddo to attend the funeral.

PARALYSIS WAS FATAL AFTER FOURTH STROKE

E. Abshire died at his home on South Twenty-Third street at 9:30 o'clock yesterday morning after a brief illness from paralysis. He was stricken last Friday, a week ago, but he had been in declining health for some time and it made the fourth stroke of paralysis to which he was subjected. The deceased was seventy-six years old and was born in Virginia, near Roanoke. He came to Texas thirty-three years ago and located near Prattville, Delta county, where he engaged in farming. After living there a number of years he moved to Lamar county and farmed in the Jennings community thirteen years. He moved from the farm to Paris nearly four years ago.

He is survived by a wife, six sons and two daughters. The sons are D. E., C. E. and F. W. Abshire of Paris, E. L. Abshire of Kansas and J. O. and J. W. Abshire of Enloe. The daughters are Mrs. James Hutto and Miss Ella Abshire of Paris. The funeral service will be held at 11 o'clock this morning at his late residence and will be conducted by Revs. J. L. Morris, T. L. Garrison and W. B. Kendall. He was an ex-Confederate soldier, and the members of Albert Sidney Johnston camp will attend the funeral.

Albert Sidney Johnston camp is called to meet at First State bank at 10 o'clock this morning to attend the services of E. Abshire.

BATTERY MEMBER AND HONOR GUARD GIRL WED

A romantic wedding occurred in the sheriff's office at 9 o'clock last night, the contracting parties being Edward Lee Castle of Hot Springs, Ark., and Miss Mary Avery Robinson, who has spent all of her life in Paris. While the groom's home is in another state he has lived here the past few years and registered here under the conscription act. He enlisted in Paris Battery and the bride, who is very pretty and vivacious, is an Honor Guard girl. They were both dressed in their khaki uniforms. While the young man was calling on her last night they thought of the separation that would occur when he was called to the training camp at Fort Worth and they decided to get married at once.

They went up to the courthouse in search of some one to assist them in getting married and the sheriff's office was the only place where they found a light. C. O. Crook, the office deputy, was at work, and when they stated the purpose of their visit he kindly telephoned for County Clerk Carnahan and Justice of the Peace Jay Hall, both living in West Paris, who repaired to the sheriff's office with a license and the ceremony was performed. The couple were accompanied by a collie dog which belonged to the bride. She called it her "pal" and appeared to be very much attached to it. After the ceremony the couple repaired to the home of the bride's mother on North Thirteenth street to spend the night.

HELP RED CROSS

The Red Cross is willing to send materials and call for the finished garments when necessary, but it earnestly requests those who can possibly do so to send to the headquarters, or call in person, for materials which they are willing to make up and then send the garments back. This will save the ladies much time, which they can use for other work. If, however, this is too inconvenient, telephone the headquarters and service will be given.

AN INTERESTING CASE DEVELOPS IN COURT

An interesting examining trial was held before Justice of the Peace Mike Brady yesterday afternoon, the defendant being Cad Dobson, a white man about thirty-five years old, who has figured several times in the courts. The preliminary examination was on a charge of forgery. Last Saturday evening after banking hours a negro went into one of the banks and presented a check for \$80 which was drawn in favor of C. P. Bowen and which purported to have been drawn by W. H. Ledford. The negro who had it cashed was supposed to have been the payee and he endorsed it in the name of C. P. Bowen.

Nothing further transpired in regard to the transaction until Monday when Mr. Ledford, who expects to leave today for his old home in North Carolina on a visit, went to the bank to get his account balanced before leaving. In examining the returned checks that had been paid by the bank he came across the one for \$80, and at once reported it to the bank as a forgery.

The bank officials began to make an investigation, and while they did not learn who the negro Bowen was or whether he came in possession of the check innocently or not, they decided that Cad Dobson was the one who perpetrated the forgery of Mr. Ledford's name. The bank had had transactions with Dobson and knew his signature; and Dobson had borrowed money two or three times from Mr. Ledford and knew his signature, the loans having been in the form of checks.

Complaint was sworn out against Dobson for forgery and he was arrested and denied the charge. When arraigned for preliminary examination he was not represented by counsel, but conducted his own defense, and the cashier and bookkeeper of the bank appeared as witnesses for the prosecution. At the conclusion of the trial the defendant was held in a bond of \$600 to await the action of the grand jury.

YOUNG MAN SAID TO BE WANTED AT COOPER

Constable W. J. Neighbors of Cooper made a trip Tuesday to Paris to see what had been done in the case of the young man who was arrested here on the charge of giving worthless checks to the Columbia barber shop, the Hudson-Davis Company and the Perkins Bros. Company. The Cooper officer stated that the young man had given an alleged worthless check to a business house in that town, and that if he should be released on bond here he wanted to take him to Cooper.

He is still in jail here and has not yet made bond. The alleged worthless checks all having been for small amounts he cannot be convicted for felony in the event that he should be proved guilty. The offense would be a misdemeanor, punishable in the county court.

PATTONVILLE AUTOISTS MEET WITH ACCIDENT

Henry Carpenter and family who live at Pattonville, spent last Sunday visiting relatives in Hugo, Ok. They made the trip in an automobile and started back home in the evening. While they were going along the road near Grant and while the thirteen-year-old son of Mr. Carpenter was doing the driving he overlooked a big stump on the side of the road, which caused the auto to turn turtle when the wheel struck it. All of the occupants were thrown out before it turned over, but none of them was hurt except that Mrs. Carpenter was slightly bruised about the arm. The automobile was knocked out of commission and had to be hauled back to Hugo for repairs, which cost \$25.

NOTICE TO AUTOISTS

Until state numbers are obtained by auto owners the county number plate must be shown at all times, and must not be covered by a card stating that application has been made for a state number. The law is plain and will be enforced. I hope all interested will govern themselves accordingly.

Respectfully,
John Howerton,
City Marshal of Paris.

Teachers' Institute in September

The committee to plan a program for the county and city teachers' institute is composed of Miss Miza Robinson, Miss Sarah Caldwell, J. L. Brecheen, Henry Condor, R. A. Walker, W. J. Morrow and E. L. Dohoney. This committee met last Saturday and partially outlined the institute work, to begin Sept. 10, and continue 5 days, and it was unanimously agreed to employ an expert conductor to manage the institute work for the entire time.

The county superintendent was instructed to correspond with the state department of education and secure the services of the best man available, at this time.

The place of meeting will be arranged for by Professors Morrow and Dohoney. A complete program will be published later.

The County School Board of Lamar county meets August 6th to classify schools, and all local trustees are urgently requested to be present, at county court room, at 10 o'clock, on the above date, and take part in the deliberations.

NOTICE

All persons who drive automobiles
are hereby advised that since the re-
ceipt of advice from the Attorney
General's office, I have determined to
stop some of the reckless driving
which has been so prevalent over the
city since the Highway law went into
effect. I prefer not to make any
arrests by the first day of August by
which time I will have a copy of the
law which enables us to enforce the
provision of this law but if there are
flagrant violations I will make ar-
rests even before that time. This
notice is given with the hope that
those who have not equipped their
cars as the state law provides will
do so without further delay. The
law will hereafter be strictly en-
forced and those who violate it will
be required to pay the penalty.
Yours truly,
John Howerton, City Marshal.

Local News Notes

Seven members of a building com-
mittee from Minter were in Paris
yesterday making arrangements to
put up a new Methodist church at
that place.

Elder M. L. Vaughn of Denton be-
gan a revival meeting last night at
Crowley Hill church, near Atlas.

The new time card which is to
go into effect on the Frisco Sunday
will not affect trains coming into
Paris, but trains on the branch
roads, some of which will probably
be discontinued.

J. C. Nix of Roxton came to
Paris yesterday and had a cancer
cut out from under his chin. The
cancer first made its appearance
about two months ago and is sup-
posed to have been caused by a razor
cut.

The last rains gave weeds and
grass quite a boost as well as making
the corn and cotton grow, and the
farmers have been pretty busy get-
ting the crop clean again. They are
beginning to catch up and to take
their ease.

On account of a derailment on
Dixon Hill, above Springfield, Frisco
passenger train No. 3, which was
due at 5 o'clock yesterday morning,
did not arrive until nearly 11 o'clock,
and the Santa Fe ran out a stub on
time. Number 5 Frisco was two
hours late yesterday afternoon and
another stub Santa Fe was sent out
composed of No. 3's equipment.

Col. Dee Thompson of Deport has
been quite sick for several days.
R. J. Durham sold seventy acres of
land at Hinkley Tuesday to Charley
McEwin for \$60 per acre.

The young man who was brought
in from Hunt county by Deputy
Sheriff John Brown last Sunday
evening on a charge of perjury, suc-
ceeded in making bond yesterday af-
ternoon in the sum of \$500 and was
released from jail. His home is in
Hopkins county and it is claimed
that he got into trouble by swear-
ing falsely to the girl's age in get-
ting a marriage license for his
friend.

Marriage licenses were issued yester-
day to Wade Kirkland and Miss
Ressie Salmon, Houston Maggard and
Miss Ruth Riddling.

A citizen suggested yesterday that
local deputy sheriffs ought to be ap-
pointed in every neighborhood in
Lamar county to spot foreigners and
strangers going through the country
and report those who act suspicious-
ly. It is said that some strangers
have been talking to negroes and
telling them that they do not have
to enlist in the army.

Judgment by default was taken in
the county court yesterday in three
or four cases in which some of the
defendants failed to appear after
they had been set for trial.

Carpenters at the courthouse have
begun putting up the trimming work
and putting down the floors and
putting in the window sashes. The
painters began work Tuesday after-
noon and everything is in the finish-
ing stage.

M. J. Dellinger will go to work to-
day as assistant ticket agent at the
Texas & Pacific depot. He has been
with the First State bank at Annona.

The funeral of J. H. Talbot at the
Catholic church yesterday morning
was largely attended, several friends
of the family being present from a
distance.

The firemen had a long run at
5:40 o'clock yesterday afternoon,
which was caused by a false alarm
for a fire at a house between the
Frisco and Santa Fe tracks on Gra-
ham street.

A story is said to be going the
rounds among the darkies that a ne-
gro who lived in the east part of
town died a few days ago; that after
he had been deaf and dumb for fif-
teen years the power of speech was
restored to him ten minutes before
his death. He told the darkies that
the war would end in October. After
making the prediction, according to
the story, he told them he would be
dead in ten minutes, and the predic-
tion came true.

POULTRY ROOST RAIDED; ARRESTS WERE MADE

The poultry house of Mrs. Irvin
Worsham, who lives on West Austin
street, was raided Tuesday night and
seven nice, fat hens were stolen. The
prowlers succeeded in lifting them
from the roost and getting away with-
out disturbing the members of the
family, who did not know of the
theft or of the visit to the premises
until yesterday morning. When it
was discovered that the chickens were
missing the fourteen-year-old son of
Mrs. Worsham started out to search
for them and visited a poultry yard
near the ice factory where chickens
are kept that are bought for ship-
ment.

The boy did not find the chickens
there, but directly after starting
back home he met a couple of young
fellows about seventeen years old
carrying some chickens which he
recognized as his mother's hens. He
did not say anything to them, but
hurried home and told his mother
what he had seen. She at once tele-
phoned to the police station request-
ing that an officer be sent out to
make an investigation. Officers Jack
Carter and R. S. Rodgers answered
the call in the police patrol wagon,
and when they learned the facts as
above stated they went to the chicken
yard, taking the boy with them. The
latter found and pointed out the hens
to the officers. They were recovered
and were taken back home.

The man in whose possession the
chickens were found said he had
bought them and had paid for them
with a check. On further investiga-
tion it was learned that the boys had
the check cashed at Wooten's grocery
store and had bought twenty cents
worth of cheese. The officers came
on down town and they stated that
they found the boys playing pool at
a pool hall on Bonham street. They
were placed under arrest and carried
in the patrol wagon to the sheriff's
office and turned over to him. Com-
plaints were lodged charging them
with theft.

VICTORIOUS TROOPS CONSOLIDATE GAINS ON WEST FRONT

Paris, Aug. 1.—After a magnificent success of the French and British in Belgium yesterday, says the official statement issued today by the French war department, the entente troops, in a torrential rainstorm, consolidated the positions which they had captured.

After several days of artillery preparation the Germans this morning attacked the positions on the left bank of the Meuse river in the Verdun region, which the French had captured from them on July 17. The French official statement says the Germans were only able to reach certain advance elements of the French first line, where they were stopped.

BEAT GERMANS BACK DESPITE BAD WEATHER

London, Aug. 1.—German counter-attacks yesterday afternoon and last night against the new British positions at Labasseville and north of the Ypres-Combines canal, in Belgium, were successfully repulsed, says the official statement issued today by the British war office.

Another German counter-attack further north in the neighborhood of the Ypres-Roulers railway was crushed by the British artillery. Heavy rain has been falling since early yesterday afternoon, the statement adds, and the weather continues unfavorable for operations.

WITHDRAW TROOPS FROM OLD GREECE; ATHENS PLEASSED

Athens, Monday, July 30.—Withdrawal of the allied forces from Old Greece, Thessaly and Epirus, in accordance with the decision of the Balkan conference at Paris is being rapidly carried out. The last Franco-British troops left Piraeus today. The withdrawal from Corinth and other occupied points was previously executed. The Italians are similarly preparing to leave Janina and other sections of Piraeus, retaining only a small triangle near Avionia in Albania.

Preparations are now under way to call out the Greek classes of 1916 and 1917, aggregating 60,000 men. The Greek government is highly gratified at the result as showing the allies are recognizing the territorial integrity of Greece.

CONDITION OF COTTON 70.3 PER CENT NORMAL

Washington, Aug. 1.—This year's cotton crop was forecast today at 11,949,000 equivalent 500-pound bales by the department of agriculture, which based its estimate on the condition of the crop July 25, which was announced at 70.3 per cent of a normal.

ENGLISH CABINET MEMBER TO PARIS WITH SOCIALISTS

London, Aug. 1.—The fact that a member of the cabinet, Arthur Henderson, minister without portfolio in the war council, had gone on a mission to Paris with the Pacifist Ramsey MacDonald, member of parliament; George James Wardle, chairman of the labor party in the House of Commons, and Russian delegates, aroused great irritation among the members of parliament and seems to threaten trouble in the government. The purpose of the journey is to confer with French socialists in regard to the proposed conference of allied socialists at London, and the subsequent international conference at Stockholm.

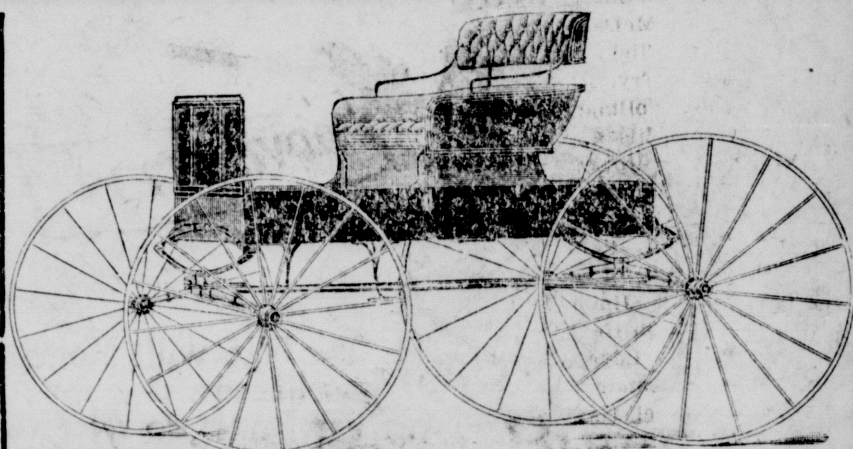

The crux of the matter lies in the fact that Mr. Henderson since he returned from Petrograd reversed his attitude on the question of British labor party and socialists meeting the German representatives at Stockholm and now advises them to rescind the former resolution against joining the conference with enemy delegates. Mr. Henderson has not publicly explained his change of views but it is known to be the result of his visit to Russia. It is stated that the heads of the labor party officially accepted his advice, which nevertheless seemed to have caused a crisis in the party which is no wise unanimous in the support of Mr. Henderson.

The government has been closely questioned in the House of Commons in the last few days on the subject of

Mr. Henderson's mission to Paris and the admission of Andrew Bonar Law, chancellor of the exchequer, that it was settled without the government's knowledge and that the government was ignorant of what he was doing in Paris has increased the general irritation. Lobby correspondents say that the war cabinet, of which Mr. Henderson is still presumably a member although his place was taken

by George N. Barnes while he was in Russia; is gravely embarrassed by the turn events have taken.

Mr. Henderson's fellow members of the labor party in the ministry, who are as ignorant as the members of the war cabinet of Mr. Henderson's move, met in the House of Commons last evening to discuss the extraordinary situation but decided to await his return before acting.

MEN SUMMONED FOR AUGUST 6, 7, 8, IN FIRST DISTRICT

The two selection boards for Lamar county have completed the making of their lists and began yesterday sending out the notices to the registered men to appear before them for examination.

The lists are divided into thirds, one lot of men being summoned for each day. The location for the sitting of the First District board has not yet been fixed, but the Second District will sit at Chamber of Commerce on Grand avenue.

In hearing the reasons why persons should not go into the army the members of the boards will swear every person appearing before them, special authorization to this effect having been sent each board yesterday by the Governor who stated that he did so at the request and authority of President Wilson. This will put anyone who makes a false statement to the board in the position of committing perjury and if this should be done there will be prosecutions in the United States courts as it will be an offense against the national government.

The list for the First District is published herewith, the summonses being for August 6, 7 and 8, at 8 o'clock a. m. The men are called to appear in exactly the order in which their names are here printed. The list for the Second District will be published tomorrow.

WATER NOTICE

I am requested by the city council to announce that the water in the city lake is getting low; and also that it is highly probable that in a comparatively near future our deep wells will constitute our sole source of supply. This announcement will be received with genuine regret by many who do not like the well water. Just how soon the change must be made will depend somewhat upon the degree of prudence our people manifest in the use of water.

All are respectfully urged to refrain waste and even the unnecessary use of water. By practicing a rigid system of economy it may be possible to go through the entire dry season without resorting to the use of the well water.

Respectfully,
Ed H. McCulston, Mayor.
